

# STATOS 2013: Statistics, Optimization, and Signal Processing

## *A Workshop in memory of Alex B. Gershman*

... and his journey from Nizhny-Novgorod to Darmstadt

**June 15-16, 2013, Darmstadt, Germany (right before IEEE SPAWC 2013)**

Featuring a program packed with cutting-edge in-depth tutorials in Statistics, Optimization, Signal Processing and applications.

A rare opportunity to listen, learn, and interact with experts in an intense 2-day workshop comprising 1-2 hour tutorials to celebrate Alex's legacy. The proceeds will help build an education fund in memory of Alex. See you in Darmstadt!
